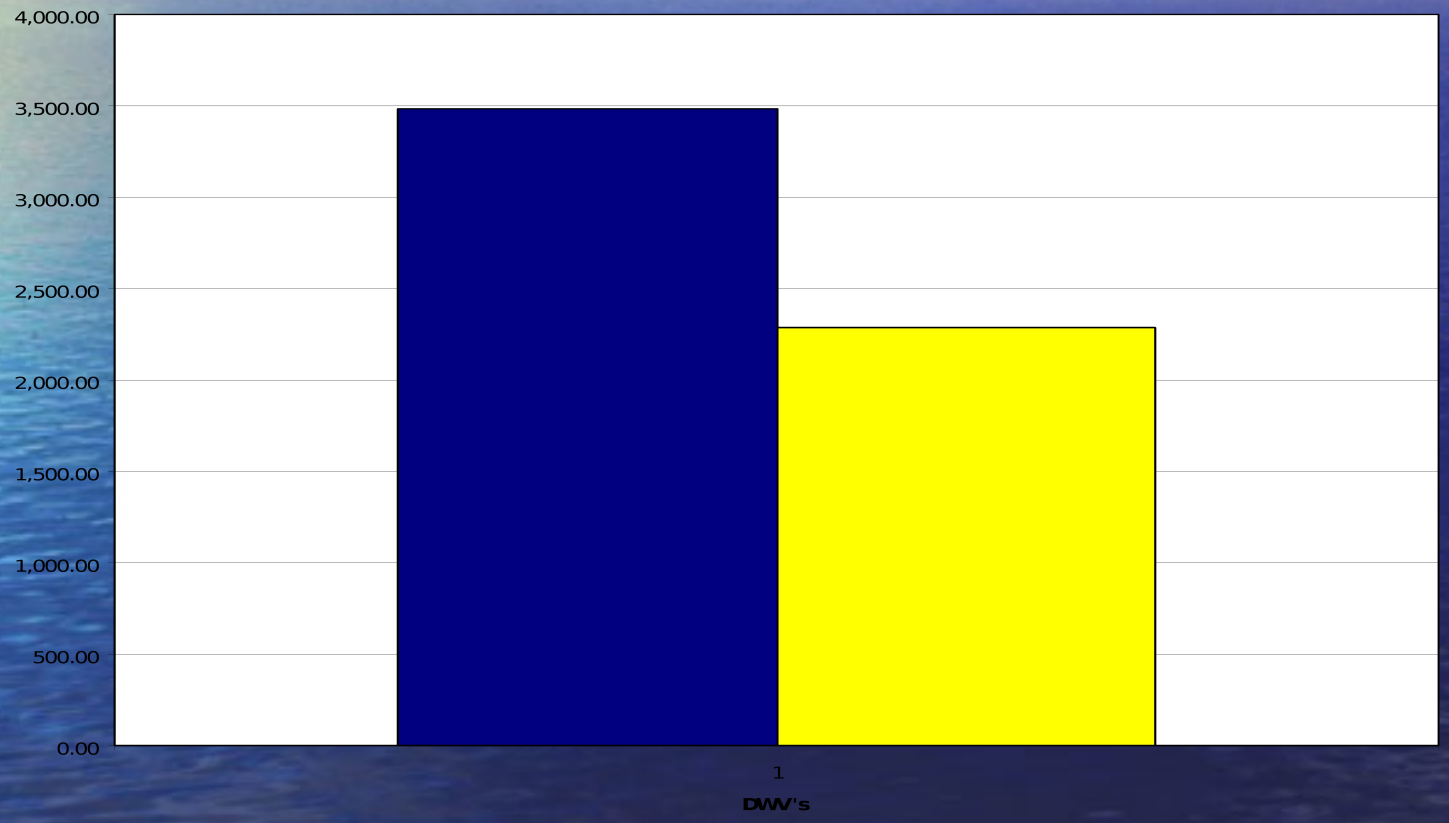
Reserve Utilization

CAPT R. F. FRISBY
NDC SOUTHWEST
RESERVE LIAISON

Goals and Objectives

- To enhance quality of annual training of reservists
- To facilitate transition to/from AT
- To liaison with local drilling reservists to maximize their utilization
- To utilize reserve assets to maximize NDCSW/MCRD mission accomplishment
- To track command processing of recalled reservists

Reserve Productivity 01 Oct- 01 Apr



Today’s Situation

- 11 reserve dentists, 19 technicians are scheduled to perform their AT ‘s at MCRD between May and October
- Reserve Unit 219 drills at MCRD, North Island, and at Naval Station once/twice per month *

DIRECTED DENTAL SUPPORT AND MEDRUP

“The Good, the Bad and the Uglier”

- 219 has been integral to the MCRD record of 218 recruit companies at 95% or above
- The command processed nearly 3000 activated reserves, rejecting only a handful, while putting in nearly 500 additional man-hours
- Due to recent manpower losses, 219’s effectiveness is diminishing both in support of its mission and that of MCRD’s
